

Codebook for key variables

Variable in dataset	Variable name in the manuscript	Possible value	
risky_choice	Risky choice	0 1	When cooperation is not chosen When cooperation is chosen
same_avatar	Same avatar	0 1	Exposed to different avatars (D) Exposed to same avatar (S)
gender_avatar	Gender-revealing avatar	0 1	Exposed to gender neutral avatar (N) Exposed to gender-revealing avatar (G)
play_order		1 2 3 4 5 6	SG-DG-SN-DN SG-DG-DN-SN DG-SG-SN-DN DG-SG-DN-SN SN-DG-SG-DN DN-DG-SG-SN
session	session	1 ~20	
additional_semester	<i>Conducted in the additional semester</i>	0 1	Session <13 Session >= 13
strong_instruction	<i>Strong Instructions</i>	0 1	Session != 13, 17, 18, 19, or 20 Session = 13, 17, 18, 19, or 20
num_subject	<i>Num. of participants in the session</i>	8, 10, 12, 14, 16, 18, 20, 22	
year	<i>Academic year</i>	1 ~ 4	
friend	<i>Num. of friend in the session</i>	0 ~15	
self_image	<i>Self-image</i>	0~1	<i>Constructed as average responses to the following questions</i> <i>q1:</i> “I often make last-minute plans” (Reversed) <i>q2:</i> “I believe that people are basically moral” <i>q3:</i> “I avoid mistakes” <i>q4:</i> “I complete tasks successfully” <i>q5:</i> “I choose my words with care” <i>q6:</i> “I make people feel welcome” <i>q7:</i> “I trust what people say” <i>q8:</i> “I am easy to be satisfied” <i>q9:</i> “I have a reserved and cautious attitude toward life” <i>q10:</i> “I take no time for others” (Reversed) <i>q11:</i> “I do crazy things” (Reversed)
identification	<i>Gender identification</i>	0~1	Constructed as average responses to the following questions <i>q12:</i> “Being a woman/man is an important part of my self-image” <i>q13:</i> “Being a woman/man is an important reflection of who I am”

			<p><i>q14:</i> “Being a woman/man has very little to do with how I feel about myself” (Reversed)</p> <p><i>q15:</i> “Being a woman/man is unimportant to my sense of what kind of person I am” (Reversed)</p>
social_norms	<i>Agreement to androcentric social norms</i>	0~1	<p>Constructed as average responses to the following questions</p> <p><i>q16:</i> “The man should always pay for the first date between a man and a woman”</p> <p><i>q17:</i> “A pre-school child is likely to suffer if his/her mother works outside the home”</p> <p><i>q18:</i> “Men should not cry”</p> <p><i>q19:</i> “Ultimately, the husband is responsible for making sure the family is financially secure”</p>
stereo_mygender	<i>Positive perception of my own gender group</i>	0~1	<p>Constructed as average responses to the following questions</p> <p>“How common do you think the following stereotypes are about your gender? For each stereotype, please circle a number between 1 and 5, where 1 means “extremely uncommon” and 5 means “extremely common.” Generous, lazy (reversed), frugal, impatient (reversed), studious, cautious, artistic, patient, reckless (reversed)</p>
risk_loving	<i>Risk-loving</i>	0~11	
quiz_score	<i>Num. of correct answers in the pre-manipulation quiz</i>	0~8	
round		1, 2, 3, 4	
exp_effect		0	If response to the variable <i>opinion_experiment</i> is not sufficiently close to the purpose of the experiment
		1	If response to the variable <i>opinion_experiment</i> is sufficiently close to the purpose of the experiment
